Dear Parents and Carers,

We are delighted to announce that our school has been awarded The Primary Science Quality Mark (PSQM Award).

The children in our school work extremely hard in all subjects of the curriculum but it is wonderful to have the acknowledgement of their efforts in Science.

The Primary Science Quality Mark is awarded to schools that demonstrate commitment and expertise in science teaching and leadership by the University of Hertfordshire in collaboration with the Primary Science Teaching Trust.

The journey to receiving this award is thorough. Over the course of a year, submissions of detailed evidence of science teaching learning and leadership have been made and last Friday evening, we had the special honour of collecting our PSQM Award at a ceremony at Manchester Muesum in The University of Manchester. Our PSQM Award will be proudly displayed in school.

We would like to give our special thanks to our two Science Leads, Mrs Harding and Mrs Foster, who have worked tirelessly in developing this subject over the last few years.

Yours sincerely,

H McGrath
